

Special Education Services – Supporting Every Learner

At Western School of Science and Technology, we believe **every student can succeed** when given the right tools, support, and opportunities. Our Special Education Department partners with families, teachers, and specialists to provide individualized education plans (IEPs) that meet the unique needs of each student.

Whether your child needs support in academics, communication, behavior, or social skills, we are committed to helping them thrive in a safe, inclusive, and respectful learning environment.

We Offer:

- Individualized Education Programs (IEPs)
- Specialized academic instruction
- Related services (speech, occupational therapy, counseling, etc.)
- Accommodations and modifications to support learning
- Transition planning for life after school

We Value Partnership

Families are our most important partners. If you believe your child may benefit from special education services, or if you have questions about your child's current program, please contact our Exceptional Student Services team.

Contact Us:

Latasha Adkisson – Exceptional Student Success Manager

Phone: [623-249-3900 ext:140]

Email: ladkisson@wsst.school

Together, we can ensure every child reaches their full potential.

Special Education Services Are Available

Western School of Science and Technology provides free special education services to eligible students ages 13–19 in accordance with federal and state laws.

We offer individualized support, related services, and transition planning to help every student succeed. Our policies and procedures for identifying, evaluating, and serving students with disabilities are available in the Special Education Office.
